

HEMECRAFT PRESIDENT'S MESSAGE

Once again, I am honoured to be able to invite you to the Erin Fall Fair. The Homecraft Ladies have been working year round, planning, improving and catering.

Keeping up with the Apple Dumplings is always a challenge. Last year we bought a new industrial convection oven but we still found that we ran out!!!! For this year's Fair we have purchased an industrial dough/pastry maker and another freezer.

We will be having two baking bees in September and one will be dedicated just for Apple Dumplings... Hopefully we can get a freezer or two full of dumplings, frozen and ready to bake at the Fair. With the money we raised through catering we are buying new tables and tablecloths (someone is making them) for the General Store/Cafe, and new gates are being made to go around our ever expanding displays.

This year we have added an Amateur Wine making Class, so be sure to check it out in the Rural Products class.

We will continue to green up our Fair, giving out tree seedlings again, recycling, using more paper products than Styrofoam and hoping to get a water bottle refilling station.

I would like to thank my executive, all the volunteers, young and old and the sponsors in advance for making this year's Fair a great success.

Enjoy the Fair!

Debi Clare
